Dear Jill:

RE: Negative entry from Cliff Madison

The \$500. check from Cliff Madison was reported as a deposit and a refund on the 10-1-00 report. The next day, this deposited check was returned NSF. I did not mark the negative entry in this report as either a Primary or General because it was over the legal amount originally and did not count for either election (and was refunded during the same report). I have asked Mr. Madison to not cash the refunded check and this NSF check has been subtracted from our total contributions. This will keep him within the legal limits.

Sincerely,

Patricia McKeon
Assistant Treasurer
